

# Costa Rica Optical Network Maintenance Toolkit Anti-Sticking

## Overview

Complete fiber optic tool kit with fiber cleaver, -70~+10 dBm optical power meter, and 10 mW visual fault locator. Ideal for installation, maintenance, and testing of optical networks. Includes precision cleaver, strippers, SC/FC adapters, cleaning materials, and carrying case. Includes maintenance tools such as a handheld light source, handheld optical power meter, visual fault locator, and cleaning pen; Provides matching standard test. We've simplified fiber transceiver and high speed cable connector maintenance with our must-have, all-inclusive kit. SKU: FOCLNR-PP125-C, FOCLNR-PP250-C Dust- and debris-free connectors are no more than a click away. Clean away stubborn dirt, dust, or other attenuation-causing agents with the power. 2-piece kit Fiber optical thermal stripper M8 & fiber optical cleaning clip compatible with bare fiber/bundle and ribbon fiber for 1-48 core dual heating mode and 8-level temperature regulation. It integrates a range of professional tools required in the fiber optic industry, aimed at improving work efficiency, ensuring high-quality and long-term. Choose fiber optic accessories and tools for your next installation, including access tools, tool kits, polishing film, cleaning accessories, and replacement parts.
