

East African stainless steel cable trays are of high quality

AI Overview

For durable and corrosion-resistant cable management in East Africa, stainless steel cable trays in grades 304 and 316 are highly recommended, with suppliers like Brilltech Engineers, Advanced Strut, and DANA Steel offering reliable solutions.

Key Suppliers and Options

1. Brilltech Engineers Pvt. Ltd. Brilltech provides a wide range of stainless steel cable trays engineered for industrial and commercial applications. Their trays are corrosion-resistant, durable, and versatile, suitable for harsh environments. They offer customizable solutions to meet specific project requirements, ensuring secure and organized cable management . 2. Advanced Strut (South Africa) Advanced Strut supplies metal cable trays and ladders in 304 and 316 stainless steel, ideal for corrosive environments. They offer pre-galvanized (light-duty) and hot-dip galvanized (medium to heavy-duty) finishes, catering to both commercial and industrial installations. Their products are designed for efficient cable routing and long-term durability . 3. DANA Steel (UAE, exporting to Africa) DANA Steel manufactures stainless steel cable trays in grades 304 and 316(L), available in powder-coated or epoxy finishes. They provide light, medium, and heavy-duty trays for networking, data, fiber optic, and industrial cabling. Their products comply with IEC 61537, BS EN 61537, and NEMA VE standards, ensuring international quality and safety . 4. Ceiling Power Pole (South Africa) They offer SS304 and SS316 wire mesh cable trays in various widths (50mm to 300mm) and pitches, suitable for data, electrical, solar, and fiber cable routing. These trays are particularly popular in food and beverage industries due to their resistance to corrosion and long lifespan .
