

Fiberglass Cable Tray Manufacturer Mini Program

AI Overview

Fiberglass cable trays are offered by leading manufacturers like MP Husky, Uniflex, and Creative Composites, providing durable, corrosion-resistant, and lightweight solutions suitable for harsh industrial environments.

Leading Manufacturers

MP Husky produces fiberglass cable trays using pultrusion technology, offering non-conductive, non-magnetic, and corrosion-resistant trays that weigh one-third of steel while maintaining superior strength. Their trays meet ASTM E-84 Class 1 Flame Rating and ASTM D-635 self-extinguishing requirements, and are available in polyester and vinylester resin systems with custom color options . MP Husky also provides worldwide distribution through authorized agents. Uniflex specializes in fiberglass cable trays for extreme offshore and industrial environments. Their trays are lightweight, corrosion-resistant, and non-conductive, with a high strength-to-weight ratio. They offer custom molding and pultrusion options, ensuring compliance with ASTM standards and providing flexibility in shapes, sizes, and hardness ranges . Creative Composites Group manufactures FRP cable trays for chemical plants, refineries, offshore platforms, and water treatment facilities. Their GRP cable trays are impact-resistant, corrosion-resistant, and non-conductive, with extensive quality testing and design capabilities to meet demanding industrial applications .

Features and Benefits

- **Corrosion Resistance:** FRP trays resist chemical attack and weathering, reducing maintenance costs.
