

North Asia Cable Tray Manufacturer Production

AI Overview

North Asia hosts advanced cable tray manufacturers with automated production lines, diverse product ranges, and strong export capabilities.

Leading Manufacturers and Production Capabilities

Shandong Tianhong Electric Power Technology Co., Ltd. in China, established in 2006, is a prominent cable tray manufacturer specializing in perforated trays, cable ladders, wire mesh trays, trunking, strut channels, and fittings. Their 30,000² facility features automated production lines, enabling efficient manufacturing, high precision, and fast delivery. Tianhong offers OEM & ODM services, supporting customized solutions for power plants, data centers, commercial buildings, and infrastructure projects. Their production process includes raw material selection, punching, spraying, assembly, and packaging, ensuring consistent quality and compliance with international standards . Langfang Aoyunte Cable Tray Co., Ltd., located in Hebei Province, northern China, is another key player with fully automated integrated molding machines, CNC punching, and laser cutting equipment. Their production lines allow 100% automated core processes, with rigorous load, corrosion resistance, and appearance inspections. Aoyunte produces ladder, tray, perforated, and modular cable trays, along with a full set of accessories. They provide tailored solutions for different voltage standards, climates, and installation environments, exporting to Southeast Asia, the Middle East, Europe, and South America .

Product Range and Materials

North Asian manufacturers offer a wide variety of cable tray systems, including:
