

Price of flame-retardant fiberglass cable trays in Pakistan

AI Overview

Flame-retardant fiberglass (FRP/GRP) cable trays in Pakistan typically range from PKR 1,500 to PKR 6,500 per meter, depending on type, load capacity, and specifications.

Price Range and Factors

Fiberglass cable trays, also known as FRP or GRP trays, are lightweight, corrosion-resistant, non-conductive, and fire-retardant, making them ideal for industrial and commercial applications . Prices vary based on:

- Tray type: Ladder-type, perforated-type, or solid-bottom designs
- Load capacity: Standard trays can support 100 pounds per foot over a 20-foot span
- Dimensions: Width, thickness, and span length affect cost
- Supplier and city: Karachi, Lahore, and Islamabad may have different delivery charges For example, perforated FRP trays are generally more affordable, while heavy-duty ladder trays designed for high-load industrial applications are at the higher end of the price spectrum .

Supplier Examples

- Irfan Traders (Karachi) offers FRP cable trays for industrial duct lines with installation services and competitive pricing, suitable for chemical plants, power generation, and oil & gas facilities .
- Labbaik's Electrical provides nationwide delivery with same-day service in Karachi and 2–3 days across Pakistan .
