

Price quote for flame-retardant cable trays in Israel

AI Overview

Flame-retardant cable trays in Israel are available from multiple suppliers, with prices varying by material, size, and fire-resistance rating.

Suppliers and Product Options

- Benarx / Sinisi Solutions Offers epoxy and fire-rated cable trays designed to protect critical power and signal cables during fire events. Materials include stainless steel, galvanized steel, tempered glass, and fire-resistant polyester fiberglass. These trays are engineered to inhibit flame spread and maintain cable functionality in emergencies. Pricing is competitive, and a detailed 2024 price list is available for download from their website, which provides specific costs per tray type and size .
- NewReach Specializes in fire-rated cable trays with powder-coated aluminum, galvanized steel, and fiberglass with intumescent coatings. Their trays feature FLAMMOTECT-A and DG-CR 0.7 technologies, compressible firestop bricks, and UL-classified support for wall and floor penetrations. These trays are suitable for indoor and outdoor use, offering 78mm depth and 20-inch sleeves for flexible installation. Pricing varies by material and configuration, and inquiries can be sent directly to obtain a quote .
- Brilltech Engineers Pvt. Ltd. Provides high-quality cable trays in Israel made from galvanized steel, stainless steel, and fiberglass. Their trays are designed for durability, airflow optimization, and cable protection. While exact prices are not listed online, the company encourages direct contact for customized quotes based on project requirements .
