

Samoa Aluminum Alloy Cable Tray Prices

AI Overview

Prices for Samoa aluminum alloy cable trays vary depending on size, type, and supplier, with bulk orders typically offering discounts.

Overview of Aluminum Cable Trays in Samoa

Aluminum alloy cable trays are widely used for electrical cable management due to their lightweight, corrosion resistance, and durability . They are available in perforated, ladder, and solid types, with widths ranging from 50mm to 600mm, heights from 20mm to 150mm, and thicknesses from 1mm to 4mm . These trays are suitable for both indoor and outdoor applications, and their modular design allows easy installation and future expansion .

Factors Affecting Prices

- **Material and Alloy Quality:** Higher-grade aluminum alloys with superior strength and corrosion resistance cost more .
- **Tray Type:** Ladder trays, perforated trays, and solid trays have different manufacturing costs, affecting price .
- **Size and Dimensions:** Wider and thicker trays require more material, increasing cost .
- **Accessories:** Clamps, couplers, elbows, tees, and reducers are often sold separately and add to the total cost .
- **Certifications:** CSA, UL, and NEMA-certified trays may be priced higher due to compliance with safety standards .
