

Steel wire rope with optical cable

Overview

A high strength, low stretch, smooth rolling, stable, non-rotating rope, engineered to resist wear with integrated optical cables for data & communications. Wire rope meter in 11 different thicknesses: 1mm, 1.5mm, 2mm, 3mm, 4mm, 6mm, 8mm, 10mm, 12mm, 14mm and 16mm. Our steel cables with box. Choose from our selection of cable rope, including wire rope, rope and end fittings, and more. The compacted and densely concentrated metallic cross section of the FLC track rope guarantees a higher breaking load whilst the outer interlocking "Z"-shaped layers give the rope a smoother profile, reducing fatigue caused by the interface between rope and sheaves and rollers. 00 mm, we offer you an extensive range of wire ropes and wire strands by the meter. Fasten has a diverse catalog of products that include all kinds of steel wires, wire ropes, optical communication products, mechanical equipment, and artificial marble. Wire rope barriers absorb impact to reduce collision severity, combining strength, flexibility, and a discreet design for improved road safety.
