

Useful Straight-through Cable Trays in Lithuania

AI Overview

Straight-through cable trays in Lithuania offer durable, ventilated, and modular solutions for efficient cable management in industrial, commercial, and residential projects.

Key Suppliers and Options

Brilltech Engineers Pvt. Ltd. is a prominent supplier in Lithuania, offering a wide range of cable trays including ladder, perforated, PVC, mild steel, and stainless steel trays. Their products are designed for enhanced safety, airflow, and space optimization, and they provide installation support and system design assistance. RS Lithuania provides a variety of cable management solutions, including metal cable trays and wire baskets suitable for commercial and industrial applications. Their trays are designed to support and organize electrical cables efficiently, ensuring safety and compliance. Trayco offers cable trays with integrated ends, which increase capacity by up to 50% in certain applications. These trays are lightweight and easy to assemble, making them suitable for projects requiring quick installation and high efficiency. Spina Group (Schiavetti Tekno) supplies industrial-grade cable trays, including stainless steel, galvanized, ladder, perforated, and closed-bottom trays. Their systems are modular, compliant with EN and UL standards, and include accessories like elbows, junctions, and covers for protection against dust, moisture, and mechanical impacts. They also provide custom sizes and thicknesses for specialized projects.
