

Which Dutch manufacturer makes the best explosion-proof electrical distribution boxes

AI Overview

TechNed Benelux and EXproof BV are leading Dutch manufacturers of ATEX and IECEx certified explosion-proof electrical distribution boxes.

TechNed Benelux

TechNed designs and manufactures explosion-proof electrical distribution boxes (EJBs) with robust housings in stainless steel, carbon steel, or seawater-resistant aluminum. Their products are ATEX and IECEx certified, suitable for hazardous areas, and can be customized in collaboration with clients. TechNed also provides compatible cable glands, push buttons, and control stations, ensuring fully integrated solutions for industrial applications.

EXproof BV

EXproof BV specializes in explosion-proof junction boxes, control stations, and distribution boxes made from stainless steel or polyester. Their products are certified for hazardous areas and include terminals, cable entries, and cable glands. EXproof offers a wide range of sizes and configurations, allowing customization for specific industrial needs. They also supply pushbuttons, switches, and warning signals for complete hazardous area installations.
